TO THE TRADE: We have specialized in the growing of fruit and nut trees for the past forty-nine years and this season we offer one of the finest stocks produced in the Pacific Northwest. The trees are well ripened and have exceptionally fine whole root development, three year whole rooted and one year top. Our varieties are dependable as all bud and scion wood was taken only from selected parent trees proven as to type and variety, much of which was supplied from our 120 acres of diversified orchards.

SAMPLES GLADLY SENT UPON REQUEST.

TERMS: Thirty days net to parties whose credit has been established with us or those who may give satisfactory references. Five per-cent discount allowed for cash in full with order. Prices subject to change without notice and f.o. b. Lafayette, Oregon; packing extra at cost. Contracts shall be nullified should injury befall stock from causes beyond our control. All stocks offered only subject to prior sale.
